# Foreword

## TO THE TRADE:

We take pleasure in presenting our 1931 contract and general trade list.

An institution grows as it is capable of serving well its many customers: WE serve the discriminating trade what they demand: MERIT FLOWER SEEDS.

We are justly proud of the esteem and favor our stocks have attained, and devote all our energies to the perfecting of strains and the breeding up of new varieties.

We extend to the seed trade a most cordial invitation to visit our experimental and trial grounds and our extensive ranches, and personally acquaint themselves with the purity of our cultures.

We again welcome the opportunity to thank our patrons for their generous support in the past and will do our utmost to justify their continuance.

## GENERAL CONDITIONS OF DELIVERY

For every order, we agree to plant sufficient land to produce the desired quantity of seed under normal conditions.

Should the outcome of the crop be lower than our estimation, orders will be filled pro rata only.

Crop failure or any other cause beyond our control releases us entirely from delivery.

We give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds we sell, and we will not be in any way responsible for them.

## TERMS

All seeds are quoted f. o. b. Guadalupe, California, for delivery after harvest crop of 1931, 60 days acceptance net, less 2% cash thirty days.

All overdue accounts subject to sight draft without further notice.

Bags and containers will be charged at cost and are not returnable.

While we are confident prices given in this catalog are very reasonable, we shall be pleased to have the opportunity of meeting any reasonable competition of houses of repute.

No order filled for less than a quarter pound except where ounce prices are quoted.

We reserve the right to change any prices in this list after May 1st, 1931.

## NOVELTIES INTRODUCED BY WALLER-FRANKLIN IN 1930

\* \* \* \* \*

**ANTIRRHINUM MAXIMUM SALMON ROSE**—Salmon Rose is always the most beautiful color in flowers, and Antirrhinum Maximum Salmon Rose adds a new color to the Maximum group which has not existed to date. As its name implies, it is a most beautiful shade of Salmon combined with the begonia rose color which made Antirrhinum Maximum The Rose so popular. Salmon Rose is undoubtedly the most beautiful color in this group and should be in great demand by all florists. The plants have a good vigorous habit and the flowers are immense. Price per oz. \$4.00, per  $\frac{1}{4}$  lb. \$12.00, per lb. \$40.00.

**LARKSPUR EMPEROR CAMEO PINK**—Another addition to the group which Pink Delight and Brilliant Carmine have made so popular. Cameo Pink is about twenty inches high and charts exactly Cameo Pink according to Ridgway. This is a very beautiful addition to the Emperor group and is practically a new color in Larkspurs. Price per oz. \$0.50, per  $\frac{1}{4}$  lb. \$1.50, per lb. \$5.00.

**LARKSPUR GIANT IMPERIAL BLUE SPIRE**—Blue Spire is an intense deep Oxford Blue with the upright base branching habit that has made Exquisite Pink Improved so excellent as a cut flower. We believe that Blue Spire will prove to be the ideal deep blue color wanted by all, especially florists. Price per oz. \$1.00, per  $\frac{1}{4}$  lb. \$3.00, per lb. \$10.00.

**LARKSPUR GIANT IMPERIAL LILAC SPIRE**—Lilac Spire is the beautiful lilac color so attractive in Larkspurs, bred into the base branching habit of the Giant Imperial group. Price per oz. \$1.00, per  $\frac{1}{4}$  lb. \$3.00, per lb. \$10.00.

**MARIGOLD AFRICAN ORANGE ALLDOUBLE**—Any strain of African Marigold that will come fifty per cent double is considered good—sixty is excellent. We are pleased to announce, however, that we have developed a strain of African Orange Marigold identical in every respect to our famous strain of Orange Prince, and which has come one hundred per cent double for the past two years. We are pleased to be able to offer this to the trade under the name of “ALLDOUBLE.” Price per oz. \$1.50, per  $\frac{1}{4}$  lb. \$4.50, per lb. \$15.00.

## **NOVELTIES INTRODUCED BY WALLER-FRANKLIN IN 1930—Continued**

### **PETUNIA W-F SUPER STRAIN GIANT DOUBLE FRINGED MIXED**

—We have developed in our breeding grounds a Waller-Franklin Super Strain of Giant Double Fringed Mixed Petunias which by actual count runs 62% large full fringed doubles, 21% semi-doubles, and the balance carnation flowered and singles, making a total of 83% of double and semi-double flowers. Price: 1/32 oz. \$12.00, 1/16 oz. \$22.00, 1/8 oz. \$36.00,  $\frac{1}{4}$  oz. \$60.00, per oz. \$200.00.

**PETUNIA BALCONY STAR OF CALIFORNIA**—This is a magnificent new Petunia of the Balcony type, bred with extra long branches for window boxes and hanging baskets. The flowers are velvety violet with a touch of crimson, starred with five pure white blotches. The flowers are quite large and the effect in window boxes or hanging baskets is dazzling. Price per oz. \$4.00, per  $\frac{1}{4}$  lb. \$12.00, per lb. \$40.00.

**SCABIOSA GIANT LOVELINESS**—LOVELINESS is a glorious new color in annual Scabiosa. The blossoms range through varying tones of soft delicate Salmon Rose. This is undoubtedly the most beautiful Scabiosa ever introduced, and is the result of seven years of intensive selection. Scabiosa Loveliness is unsurpassed as a cut flower. It has long, stiff stems and a delightful fragrance, but its crowning beauty is its glorious Salmon Rose color. Price per oz. \$1.00, per  $\frac{1}{4}$  lb. \$3.00, per lb. \$10.00.

### **TWO NEW EARLY SWEET PEAS**

**LADY GAY**—The most beautiful color in Early Sweet Peas that we have ever introduced—a delightful shade of soft shrimp pink. This Sweet Pea has in addition to its delightful color, such a clean, fresh, crisp appearance that its charm immediately appeals to all who see it. Four blooms on long, stiff stems; and a very good grower under glass. Price per oz. \$0.50, per  $\frac{1}{4}$  lb. \$1.50, per lb. \$5.00.

**PEACHES**—A magnificent robust Early Sweet Pea with extra long stems. It produces four large blooms to a stem of a new shade of bright apricot rose, with a touch of lemon in the keel. Altogether a very gorgeous color combination and a Sweet Pea that is sure to be popular both under glass and in the garden. Price per oz. \$0.50, per  $\frac{1}{4}$  lb. \$1.50, per lb. \$5.00.

### CHrysanthemum Leucanthemum Perennial

These Ox-Eye Daisies or Marguerites are all Shasta Daisy Type. After careful trials of all existing varieties we have selected the following group as being the best and they will give a succession of blooms in California from April to October. Dates of blooming are for California.

Elder Daisy, a popular variety for early cut flowers			
coming into bloom four to five weeks earlier than			
Shasta Alaska. However, the blooms are smaller			
with more of them to a plant. In bloom April 10th,

## LARKSPUR GIANT IMPERIAL

As the base branching habit of this group of Larkspurs is identical with the base branching habit of Giant Imperial Stock, we have decided to name this group Giant Imperial. These Larkspurs are ideal for cut flowers as the flower stems, three to four feet long, branch from the base of the plant. This group really originated with the introduction of Exquisite Pink Improved and Exquisite Rose, both of which received an "Award of Merit" from the Royal Horticultural Society in 1929.

The variety we consider best in each color class is indicated by an asterisk (\*).
